**AER RATE – AER stands for Annual Equivalent Rate and illustrates what the interest rate would be if interest was paid and compounded once each year. As every advertisement for a savings product which quotes an interest rate will contain an AER you will be able to compare more easily what return you can expect from your savings over time.

*GROSS RATE – Gross rate means we will not deduct tax from the interest we pay on money in your account. It's your responsibility to pay any tax you may owe to your appropriate tax authorities.
